Balanced budget; no Deficit Reduction Plan is required.

A deficit reduction plan is required if the local board of education adopts (or amends) the 2024-2025 school district budget in which the "operating funds" listed above result in direct revenues (line 9, BudgetSum 2-4) being less than direct expenditures (line 19, BudgetSum 2-4) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 81, BudgetSum 2-4).

Note: The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.

Per School Code (105 ILCS 5/17-1) - If the Deficit AFR Summary Information tab from the 2023-2024 Annual Financial Report (AFR) reflects a deficit as defined above, then the school district shall adopt and submit a deficit reduction plan (found here on page 23-27) to ISBE within 30 days after acceptance of the AFR.

The deficit reduction plan, if required, is developed using ISBE guidelines and format.

Evidence-Based Funding: Fiscal Year 2025 Spending Plan

BERWYN SOUTH SCHOOL DISTRICT 100

Part I: Achieving Student Growth and Making Progress Toward State Education Goals

The questions below allow you to indicate the strategic priorities and strategies that will drive your efforts to achieve student growth and make progress toward state education goals. These may involve investing in any combination of an Organizational Unit's core resources: time, money, people, and programs.

Collaboration Opportunity - Organizational Units may find that Part I is most easily and effectively completed if led by program leaders in consultation with finance leaders.

1) What are the Organizational Unit's strategic goals for student success for the 2024-25 school year? What measures will be used to evaluate progress? (No more than 2000 characters, including spaces.)

District 100 continues to focus on the Board of Education and District goals of all students being college and career ready by preparing them with 21st century skills; recruit, support, and retain high-quality staff; create collaborative family and community partnerships; provide a caring, safe, and healthy environment that supports development of the whole child; and efficient and effective management of resources. The District and School Improvement plans drive our work with students and our staffing and budgeting this year including goals for 45% of students meeting or exceeding state standards on IAR in ELA and 40% meeting or exceeding state standards on IAR in Math. We also have goals for continually supporting the social-emotional well-being of students, including analyzing Culture and Climate surveys and providing additional staffing for social work and counseling support, specifically in our middle schools. Expansion of dual language staffing and resources is a priority as our program expanded to eighth grade for the 2023-2024 school year. Additional staffing and resources for special education programming and Tier 2 and Tier 3 intervention across the district have been identified as an area of need for this school year and will be monitored for growth utilizing local and state data. Literacy adoption K-8 is a primary focus for this school year and involves funding for teacher professional development to ensure literacy curriculum and instruction meets the needs of all students and that we purchase and train staff for implementation in the 2024-2025 school year.

	Top Strategy 1	Top Strategy 2	Top Strategy 3
2) Select the top three strategies that the Organizational Unit will employ to achieve student growth and make progress toward state education goals. (Select three different responses from the dropdown list.)	Maintain or decrease class sizes	Focus increased time and attention on special student groups	Improve programs, curriculum, and/or learning tools
If "Other" was selected in question 2, please describe. (No more than 1000 characters, including spaces.)			

Part II: Planned Use of Evidence-Based Funding

The questions below provide an opportunity to document the stakeholders with whom you consulted and the data you analyzed as you determined your strategic allocations of FY 2025 EBF dollars. Key statistics related to EBF distributions are provided for your reference. Form 50-36/50-39 is typically released before current-year appropriations are known. Therefore, the figures provided are for the prior fiscal year.

Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed if led by finance leaders in consultation with program leaders.

Cost Factor Table

The table below presents the regionally adjusted amount embedded in the Organizational Unit's FY 2024 Adequacy Target for each of the 34 cost factors in the Evidence-Based Funding model (Column F). Column G is required for all Organizational Units that receive at least \$5,000 in Tier Funding, while column H is optional. Organizational Units may choose to provide additional narrative context in Columns I-M to elaborate on the figures included in the table. ISBE has produced guidance for populating the cost factor table. The guidance includes a definition for each cost factor, along with suggestions for using Employee Information System position codes and common expenditure accounts to support a determination of expenditures. This guidance is available at <https://www.isbe.net/ebfspendingplan>.

Column G: If the Organizational Unit will receive at least \$5,000 in FY 2025 Tier Funding (as entered in Q2.1/cell G31), column G is required. Please indicate the Organizational Unit's planned expenditures in FY 2025 from Tier Funds only. Organizational Units are not expected to place a value in each cell. Rather, the table allows for the communication of priority investments with new state resources for the current fiscal year. During years in which there is no new Tier Funding, column G will not be required. During years in which Tier Funding is available, the amount of new Tier Funding entered in Q2.1/cell G31 above must equal the sum in cell G90 below. If some or all Tier Funding is invested outside of the cost factors, enter a dollar amount in cell G89 and provide additional context in the space for a narrative beginning in row 93.

Column H: Optionally, Organizational Units may populate column H with total planned expenditures in FY 2025 for each cost factor from all revenue sources (e.g., not just from EBF). By comparing the figures in column F to the figures entered in column H, the Organizational Unit may engage local stakeholders in productive dialogue about resource allocation decisions.

Part III: Support for Special Student Groups

EBF statute sets aside specific allocations to be spent for special education, English learners, and low-income students. Per statute these designated funds must be spent on programs and services benefiting these specific student groups. Funds for English learners and low-income students must be spent in addition to, and not in lieu of, funding that supports general programs of instruction for all students. Funds attributable to special education must be used for the provision of special education facilities and services as outlined in ILCS 14-1.08. Current-year EBF amounts attributable to each of the special student groups must be reported in cells G100-G102 below. If the Organizational Unit received at least \$5,000 for any of the student groups, a response to the questions below is required. For amounts less than \$5,000, a response is optional. All other EBF funds may be spent in any manner deemed appropriate by the school district.

Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed through collaboration between program leaders affiliated with each student group and finance leaders.

		Enter Amounts	Select type	*Note: Allocations for each of the three student groups are published annually at isbe.net/ebfdist under "Reports." Amounts are typically available by September 1. Districts must use actual funding amounts if they are available before submitting the budget to ISBE.

Plan Assurances

Please complete the assurances below related to Article 14C of the Illinois School Code, which stipulates allowable expenditures for English learners. Organizational Units should maintain supporting documentation (e.g., sign-in sheets, meeting agendas) to affirm the veracity of the below assurances. Note that a separate collection of the Bilingual Service Plan takes place before each school year and must be separately reviewed by the Bilingual Parent Advisory Committee (BPAC). Responses in this plan should be aligned with information contained in the Bilingual Service Plan. Responses in this section are only required if an Organizational Unit receives any amount of EBF dollars attributable to English learners.

Collaboration Opportunity - Organizational Units may find that the plan assurances are most easily and effectively completed if led by program leaders.
